**PERMISSION TO USE SEQUENCE LISTING**

Sir:

The above-identified patent application lacks a substitute paper copy of the Sequence Listing for inclusion into the Specification, as well as a computer readable form of the Sequence Listing. Applicants respectfully direct the attention of the Office to the following:

1. A complete paper copy of the Sequence Listing is to replace the existing Sequence Listing and is to be inserted into the Specification beginning at page 29 and being numbered consecutively thereafter. This paper copy is identical to the paper copy of the Sequence Listing which is included in the Specification of the parent priority patent; to wit, U.S. Patent Application Serial No. 08/613,220 (the "'220 application").
2. A computer-readable form of the Sequence Listing identical to the paper copy of the Sequence Listing is on file in the '220 application.
